Why travel on Feejee Experience? Feejee Experience is about getting you off the tourist trail and into the real Fiji. Fiji is an incredibly diverse country. It's well known for its stunning tropical islands, vibrant reefs and beautiful beaches, but Fiji has so much more to offer! Lush tropical rainforest, crystal clear rivers, spectacular waterfalls, volcanic mud pools and geothermal hot pools are just some of the attractions we visit on Fiji's main island of Viti Levu. The world's friendliest people! Fiji has over 20 different dialects, with each dialect comes a different culture and way of life, add's in to the mix Fiji's Indo-Fijian culture (around 45% of Fiji's population descend from Indian immigrants), the British colonial past and it is clear to see Fiji is the Pacific's cultural melting pot. Feejee Experience is the only tourism operator in Fiji to travel around the main island visiting highland villages, whilst still showing off Fiji's world famous Coral Coast, Mamanuca and Yasawa Islands, as well as the amazing beaches & resorts, which Fiji is so famous for. Our passes are valid until you finish your trip, so kick back, relax and experience the real Fiji!

Beaches!!! Fiji is about sun and sand and this is exactly what we offer every day! We have hand picked the best beaches in Fiji including Robinson Crusoe Island, Pacific Harbour, Beachcomber Island Resort, Barefoot Manta, Blue Lagoon Beach Resort & other beaches you will visit as part of our passes.

Activity inclusions. All our passes include most activities so you can make your hard earned cash go as far as possible. Bilibili rafting, waterfall swimming, rainforest trekking, mud pools, hot pools, Suva sightseeing, sand boarding and snakecaves... to name just a few!

Our Feejee Drivers and Guides. Our local Drivers and Guides are infectiously enthusiastic about showing off their country and culture. Their big Bula smiles will greet you on your travels as they guide you through the best spots on Viti Levu in Fiji.

Help the local community. Feejee Experience and its passengers love to give back! Just about all the activities included in your Feejee Experience such as village visits and bilibili rafting contribute to the local Fijian people & land owners. We are very specific about ensuring the funds we contribute are used for local community projects such as new buildings for schools, child care or medical facilities. In Nasautoka Village for instance, all our funds go towards their Ministry of Youth scheme to assist the village youth in opportunities outside of the village. On average approximately 15% of your Feejee Experience pass goes directly to the local communities and this is something we are extremely proud of.
