# Bula and welcome

**THIS IS THE REAL FIJI – SUN, SAND, CULTURE AND ADVENTURE! FEEJEE EXPERIENCE TAKES YOU TO THE BEST BEACHES, AMAZING RAINFORESTS AND OFFERS FASCINATING INSIGHTS WITH THE FIJIAN PEOPLE.**

**Fiji is made up of 333 islands, the largest and most exciting island being Viti Levu. Feejee Experience offers travel passes that include various islands, letting you explore rare and untouched places you never knew existed in this tropical paradise. We travel by fast boat, air conditioned bus, bilibili raft and even by fins and feet!**

- **Accommodation Inclusive Passes or Flexible Transport Only Passes.** When you travel with us we'll take you to the best beaches, best islands, best cultural stops and best dive spots. We travel to an array of different islands all over Fiji, not just in one area and use a wide range of transport methods. Our passes do not expire until you have finished your trip so there is no rush to start or finish! Travel on minimum time, from just two days, through to several weeks. If you have limited time in our island paradise then we think its best you purchase an 'accommodation inclusive pass' which is for a set amount of time but still gets you to all the amazing spots you'll want to see. If you are flexible and have more time then the 'transport only passes' are for you as you can jump off and on anywhere along the way and simply book your accommodation separately on a daily basis. See our passes to choose which one is best for you!
- **Is there always availability?** Feejee Experience is on free sell 365 days per year! We will guarantee you a seat even if you are booking at the last minute. How easy is that!
- **Amazing beach resorts.** We offer the best budget resorts that include everything you want in an island experience. Beaches, snorkelling and loads of free activities are included in your accommodation price - we've sorted it all out! Our resorts have won numerous tourism awards and are chosen for their environmental awareness and policies.
- **Beaches!!!** Fiji is about sun and sand so this is exactly where we get you to every day! We have hand picked the best beaches in Fiji including Natadola Beach, Mango Bay, Uprising Beach, Volivoli Beach, Robinson Crusoe Island, Mantaray Island & many other beaches you will visit as part of our passes.
- **Activity inclusions.** All of our passes include activities for you to make your hard earned cash go as far as possible. Sand boarding, bilibili rafting, sea kayaking, waterfall swimming, rainforest trekking, mud pools and hot pools . . . to name just a few!
- **World class diving.** Dive off the coast of Volivoli Beach to 22 different dive sites. Discounts are available exclusively to our passengers for beginner and experienced divers. If that's not enough, experience the world famous shark dive at Uprising Beach (Pacific Harbour). All of our resorts offer diving & snorkelling so don't worry, you won't miss out!
- **Our Feejee Drivers and Guides.** Our Drivers and Guides are infectiously enthusiastic about showing off their country and culture. Their big Bula smiles will greet you on your travels as they guide you through the best spots in Fiji on Viti Levu.
- **Cultural stops.** Get amongst the locals. Our passes include unique village stops, school/orphanage visits and kava ceremonies. Learn more about the real Fiji with us!
- **Environmentally conscious.** We're conscious of our beautiful environment. Our modes of transport where engines are involved meet and exceed emissions standards. Our resorts are hand picked for their initiatives to ensure their surroundings are not affected by our visits!
- **Help the local community.** Feejee Experience and its passengers give back to the communities we visit. As a company we sponsor a class of students annually so that they can obtain a High School education and have also sponsored a computer room development. We stop at a variety of schools and/or orphanages that allow you to donate school stationery and other small inexpensive gifts to the less privileged children of Fiji. If you would like to do more, we can organise some volunteering for you in a local village, school or orphanage so just email us!

## What's included in my pass?

Everything as per the itinerary on the passes pages, some passes includes accommodation, meals etc so be sure to check the details of your pass.

## Can I change my departure dates?

For those 'transport only passes' you can change your dates as often as you like! Simply call us on +679 672 5950 or email us at [enquiries@feejeeexperience.com](mailto:enquiries@feejeeexperience.com) to book your next pass.

For all passes you can change your departure date as many times as you like! We know you may delay or bring forward your arrival to Fiji so that's no problem at all! Just be sure to email us so we know when to expect you!

## Why Feejee Experience opposed to other Fiji tour operators or adventure companies?

Because we show you all of Fiji! Unlike others who may concentrate on just one island or group of islands we take you just about everywhere to show you 'the real Fiji' whilst still ensuring your sun tan is the best it can be for your trip home! We work with a host of partner operators to package up the ultimate 'experience' for you!

## What should I bring?

Sunscreen (SPF30), insect repellent, water, cash, swimwear, towel, a hat and your camera, oh and some clothes would be handy! If you plan on doing the rainforest trek, bring some good walking shoes. Bring a t-shirt or shirt that covers your shoulders for our village visits. If you want to bring school stationery for our school visits you're most welcome, but not expected to. If you have large items like surfboards or scuba gear, let us know so that our Guides can make room.

## How much money do I need?

The average Feejee Experience traveller spends about FJ\$65 per day for accommodation (if it's not already included), meals, beverages, souvenirs and other little extras. Don't worry, if you're short on cash our Guides stop at an ATM everyday on Viti Levu but you will need to stock up for the islands as there are no ATM machines out there!
